

Local Department.

Ripe watermelons have made their appearance in our market.

The appearance of the growing crops is all that could be desired.

Copious showers of rain visited us again on Monday morning.

We learn that the bridge over Little River, at the Falls, is unsafe.

Mr. Stephen H. Johnston, son of our efficient postmaster, is on a visit to relatives and friends in our town.

Mr. Frank P. Alexander, formerly connected with this paper, is "local" on the Fort Worth (Texas) daily Standard.

Eljah Deaton has our thanks for some fine mellow apples of the variety known as horse-apples. We consider them the best summer apple grown.

Married, on Sunday, 22d of July, 1877, by Rev. F. M. Morgan, at the residence of the bride's mother, Mr. N. H. Addis to Miss S. E. Morton, both of Oconee county.

Rev. J. P. Smeltzer will preach in the Presbyterian Church on Sunday night next at the usual hour.

We notice some early millet patches about Walhalla are being harvested. The yield of hay will be large and the profit good.

That flour from Sittin's mills is good, better, best. If you want flour put up for the market these mills are now ready to accommodate you.

The communication from Pendleton, in reference to the fence law, has been received; but according to long established rules in this office, we cannot publish it on account of no name accompanying the letter.

A total eclipse of the moon August 23d. Visible in the United States. The eclipse begins at 3.10 P. M., and ends at 9.10 P. M. Middle of eclipse at 6.14 P. M.

Twenty five cents expended for one bottle of Shriner's Indian Vermifuge will save your child from the horrible agony of being eaten by worms.

Treasurer Porcher gives notice that the tax books for the collection of the first installment will close on the 4th of August. Those who do not want to pay twelve per cent. interest should call and settle.

Mr. Porcher, our County Treasurer, has made inquiries in relation to the tax due by the Blue Ridge Railroad. The terms of the sale of the road have not been complied with. The statement is made that when the litigation is over the tax will be paid.

What has become of the Abbeville Press and Banner? We did not get it last week; in fact, it has been coming to us very irregular for several weeks past. Friend Hugh, look into the matter. We cannot do without your valuable exchange.

The Pendleton Factory wool cards are now in successful operation under a skillful and accommodating superintendent—Ben. F. Wilson. C. L. Reid & Co. will take charge and forward all wool left with them to be carded. See advertisement in another column.

We have been favored with a call by Mr. M. Brown, traveling agent of the Register, of Columbia. Mr. Brown reports the prospects of the Register as very good. The up-country stands squarely by the Register. Now if the business men of Columbia will extend to it a liberal patronage its success is assured.

The people should not forget the picnic at Westminster on next Saturday. We hope the good cause of temperance, under the auspices of the Good Templars, will receive an impetus that day which will result in much good. Westminster has certainly been greatly benefited by the Good Templars, for we now hear of no rows or disturbances, once very common there.

Mr. Thos. H. Jones, of Westminster, has brought to our office the finest specimen of German millet we have seen this season. The stalks are about six feet high and the grain just beginning to show in the head. The head is large, being 1 1/2 inches in diameter and six inches long. An acre of such would yield a large amount of hay.

A great deal of rain has fallen in broken showers since our last issue. From all parts we hear the rain has been general and of that mild kind which thoroughly wets without washing land. The crop prospect has greatly brightened and to the best wheat crop of twenty years we have a likelihood of a corn crop as productive as any for several years.

Rev. Fletcher Smith filled the pulpit in the Methodist Church on Sunday morning. He preached one of those practical and common sense sermons, which enabled us to see ourselves as others see us. At night in the same church Rev. Mr. Morgan held forth in a short and pointed discourse, giving some heavy blows on the heads of the ungodly and sinful.

Messrs. J. H. Sligh & Son, in this week's paper, have something fresh to say to their customers. This firm is still selling some of its goods below cost. They are also in receipt of a choice lot of dry goods, groceries, leather, &c., which will be sold at bottom prices. Their canvassed list, fresh and an extra quality, are just the thing for breakfast. See advertisement in another column.

The pleasant and genial face of Prof. Geo. W. Holland, of Newberry College, will no longer be seen among us. He left on Wednesday's train to visit the people in Lexington County in the interest of Newberry College. He expects to devote the remainder of his vacation in this work in various parts of the State. We wish the Professor an abundant success in his new field of labor, and hope that the Newberry people and the friends of the college will think him as much of him as we do. We part with him with great reluctance.

We have received a catalogue of Whitworth College for young ladies, located at Brookhaven, Mississippi. This college is under the Presidency of Rev. H. F. Johnson, A. M., a brother of our townsman, Dr. L. B. Johnson. This institution is located on the New Orleans, Jackson and Great Northern Railroad, 128 miles from New Orleans, and 57 from Jackson, Miss., and is in a prosperous condition. It has 150 students in the collegiate department, and 72 in the preparatory department—making a total of 222. This is hard work.

The subscription to the Walhalla College endowment now amounts to \$18,475.

County Treasurer R. S. Porcher put on Tuesday evening, July 24th, had collected the following amount of taxes: State tax; \$1,831.48; County, \$785.98; poll, \$98; total, \$2,716.46. Oconee, we believe, is the banner County in tax paying, so far as heard from.

Sunday night, after attending church, we saw and heard three young gentlemen of our town on their way home singing, as loud as their voices would admit, that familiar old plantation melody, "Old Folks at Home." Young men, be more careful of what kind of songs you sing, especially on Sunday; and that, too, just after coming out of church.

Major Ben. Sloan has consented to accept the Professorship of Mathematics in our college. He is a graduate of West Point with high distinction and is well known to our people. We are satisfied no more fortunate or acceptable selection could be made, and his acceptance gives us double assurance of building up a first class college at Walhalla.

The Grangers of this county must not forget the meeting of the State Grange at Anderson, on the 8th of August. A large attendance of patrons and agriculturists from all parts of the State is expected, and both pleasure and profit may be reasonably anticipated. Observing men never fail to learn something useful on such occasions and we hope many of our people will find time to attend.

We publish a communication from Rev. W. W. Saunders in advocacy of our college which will repay a careful perusal. Mr. S. received the unanimous recommendation of the committee on professors for the chair of mathematics, but for some unaccountable reason was not confirmed by the stockholders. His ability and fitness for the position was amply attested by a number of prominent men in Alabama, who were familiar with his past life and standing as a student and teacher. Under those circumstances his rejection to us was more than a surprise, and to his friends, through whose influence and pressure he permitted the use of his name, it must have been a painful defeat. In the communication of Mr. S. he has exhibited the spirit of true manhood, not only in advocating the college, but in using his great influence with those personal friends of his own denomination to take no offence, but to work unflinchingly for an enterprise which in importance to our town and county rises superior to the personal claims and feelings of any individual or class. Mr. S. has exhibited a spirit the practice of which would make mankind better and more tolerant.

Oakway Locals.

Oakway, S. C., July 23d, 1877.

Good rains have come. Crops are promising.

The Greenville District Conference convened at Williamston on Thursday, the 19th instant, Rev. O. A. Darby, P. E., in the Chair. The Secretary of last District Conference was re-elected. About 30 delegates and 15 preachers were present. Bishop Wightman arrived on Friday and took the Chair. The business of the Conference was harmonious and interesting. Good and earnest preaching each day at 11 A. M. and 8 P. M. Prof. W. W. Dunkin, from Wofford College, was present and gave some good addresses on the subject of sustaining that institution.

The people of Williamston are a lively, hospitable and energetic people. The crops along the railroad are very promising and the people in good heart. The fence question in Anderson has its advocates pro et con. O. C.

THE LOUISIANA RETURNING BOARD CASE.—Mr. Finney, the District Attorney for the parish of New Orleans, has written to the New York Herald an explanatory letter in reply to the comments of Messrs. Wells, Anderson and their associate members of the Louisiana returning board in regard to the charges preferred against them in the Superior Criminal Court of New Orleans. Mr. Finney states that it is true that the grand jury did not find, as was originally reported, a bill of indictment against the members of the returning board. But they did what most persons will consider equivalent to it. On the 27th of June, just prior to the adjournment, the grand jury authorized their foreman to make a written request to the court to instruct the District Attorney to file the proper information against the members of the returning board "for perjury, forgery and other offenses against the State." Eight days afterward, acting in accordance with those instructions, Mr. Finney said he filed in a modified form, the information upon which Wells and his colleagues must appear for trial. He declares further that neither of the political parties has had the least concern in procuring the prosecution. His object in what he has done, we are told, is simply to bring guilty men to justice, this being what he is sworn to do, and none, he adds, shall escape punishment if he can prevent.

MOVEMENTS OF PRESIDENT HAYES.—Washington, July 19.—Much dispute and uncertainty having been occasioned as to what the movements of President Hayes will be in regard to making short visits to different sections of the country during the heated term, by way of reorientation and to familiarize himself with the condition of affairs and the public pulse in the South, it can be positively stated that the President informed Colonel James D. Brady, of Virginia, during a long and interesting interview yesterday, that he would visit Virginia next week. He expressed himself as being especially anxious, first, to be present at the forthcoming postal convention during its session at Old Point, where he will remain one day. President Hayes stated to Col. Brady positively that he would visit Norfolk and Richmond. There is a probability that he will endeavor to arrange his programme so as to include City Point and Petersburg. He will place himself in the hands of the committee having the matter in charge, and will try to carry out their wishes in his movements. A number of prominent Virginians have written to the President, expressing their desire that he should go over their State. He exhibits a warm appreciation of the compliments thus paid him by the Southern people, and an earnest disposition to comply with their wishes.

ATLANTA, July 23.—The Constitutional Convention today adopted a Bill of Rights. The bill recognizes all races of citizens, and pledges to all protection in their rights of citizenship. Imprisonment for debt and whipping for crime are prohibited. The bill declares that the rights of changing the Constitution or form of the government is the sole and inherent right of the people of the State.

THE PENNSYLVANIA NUISANCE.—At a meeting held in the Pennsylvania town recently, for the suppression of the tramp nuisance, one of the measures proposed and reserved for further consideration was the appointment of a police patrol of fourteen men, ten of whom are to be mounted, and the employment of vagrants who are arrested in repairing public roads. Several of the Pennsylvania journals warmly advocate this method of utilizing the labor of tramps. It would not seem difficult to devise means for enforcing it, and if this could be done every community would be in part at least reimbursed for the trouble and expense involved in suppressing vagrancy. Most of the rural thoroughfares, especially in the Southern States, are vastly in need of improvement, and if the tramps who use these thoroughfares so much could be compelled to put them in something like good order it would be a great benefit to the community, and render what is now an unmixed evil a source of practical good. Food supplies are so abundant in all parts of this country that the necessities of life could be provided with little cost for all the tramps who frequent country neighborhoods during the summer months.

PORTLAND, Oregon, July 21.—Captain Hunter, of the volunteer cavalry at Lewiston, Thursday. He reports that the cavalry and Lewiston volunteers overtook the Indians Tuesday. The Indians fired, killing two scouts and wounding several. The Indians fired from ambush. The volunteers saw the cavalry flying, and the volunteers found it necessary to follow. The whole pursuing force returned to Kawaihi, leaving Joseph's band masters of the situation. Captain Hunter says no one knows whether the war has ended or not.

W. H. Trevelock of South Carolina, left Washington on Tuesday last for Boston, to consult with his colleague, Richard H. Dana, these gentlemen having been appointed counsel for this government before the commission provided for by the treaty of Washington to determine the amount of compensation which ought to be paid by the government of the United States to the British government in return for certain fishing privileges. The commission will meet at Halifax, Nova Scotia, on or about the 27th instant. It is anticipated that a large amount of testimony will be taken.

THREE MONTHS ON TRIAL.—There are at least one hundred thousand musicians and music lovers in the South who never have seen a copy of the Southern Musical Journal, or do not even know that such a magazine is in existence. Each and all of this vast musical army are herewith invited to enclose us twenty five cents and receive the Journal on trial for three months; or if they prefer, send us a three cent stamp for a specimen copy. Address the publishers, Ludden & Bates, Savannah, Ga.

An exodus of the colored people to Africa is by no means improbable. Several meetings on the subject have been held recently in different parts of the country, and one is announced in New York this week, at which Frederick Douglass will give his views. The late Mr. Sumner had an idea that the colored race would work out its highest development in the West India Islands, and found there a black confederation; but it may be that Africa is the promised land.

Twelve years ago, Richmond, with 45,000 inhabitants, lay in ruins. Now she has rebuilt the whole of the burnt district, has established two hundred factories and with a population of 75,000 people is the handsomest city in the world. Norfolk ships near 1,000,000 bales of cotton this year, and has developed a trade in vegetables, fruit and fish which has extended through our great Northern cities, across the Atlantic, and has increased the value of lands in the adjacent counties many hundred fold.

The following letter of the Attorney General is published for the information of school commissioners:

EXECUTIVE DEPARTMENT,
OFFICE OF THE ATTORNEY GENERAL,
COLUMBIA, S. C., July 20, 1877.
Hon. H. S. Thompson, Superintendent of Education:
DEAR SIR—I have considered the question submitted to me by you, and advise that the poll tax applied to the educational fund of this fiscal year, and that you so instruct the school commissioners. Yours, respectfully,
JAMES CONNER, Attorney General.

R. S. Taylor, postmaster at Athens, Ga., has been arrested on the charge of hypothecating postage stamps. He was carried to Atlanta and arraigned before Commissioner Smith. He waived examination, and was required to give bond in the sum of \$500 to appear at the next term of the United States Court.

The Russians have captured Nikopolis, 2,000 prisoners, cannon and war material. A considerable engagement took place at Plevea, which resulted favorably to the Russians. The Russians continue their advance on Constantinople.

Mr. John G. Thompson, Sergeant-at-Arms of the House of Representatives, predicts that Ohio will give 20,000 Democratic majority in October.

The city of Richmond, Va., has over 340 factories, that give employment to 11,100 persons.

Walhalla Church Directory.

Methodist Episcopal Church, South, Rev. Junius J. Neville, Pastor.—Preaching in this church every second and fourth Sunday at 11 A. M. and at 8 P. M. Prayer meeting every Wednesday evening at 8 o'clock. Sunday School every Sunday morning at 9 o'clock.
Baptist Church—Rev. W. W. Sanders, Pastor.—Preaching at 11 o'clock A. M. and 7 1/2 P. M. every Sunday. Prayer meeting every Thursday night at 8 o'clock. Sunday School every Sunday morning at 9 o'clock.
Presbyterian Church—Rev. S. L. Morris, Pastor. First Sabbath at 11 A. M. Second Sabbath at 8 P. M. Third Sabbath at 11 A. M. and 8 P. M. Fourth Sabbath at 8 P. M. Sunday School at 9 A. M. every Sabbath.
Lutheran Church—Rev. J. F. Probst, Pastor.—Preaching every 1st, 2d, 2d and 3d Sunday at 10 o'clock A. M. in German. Preaching in English every Sunday afternoon at 3 o'clock, except the 4th Sunday, when the service will be in English in the morning. Sunday School at 9 o'clock A. M.
Monthly Concert of Prayer alternating in the different churches.

MURDER WILL OUT.—A few years ago "August Flower" was discovered to be a certain cure for dyspepsia and liver complaint, a few thin dyspepsia made known, to their friends how easily and quickly they had been cured by its use. The great merits of GREEN'S AUGUST FLOWER became heralded through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in every town in the United States are selling it. No person suffering with sour stomach, sick headache, costiveness, palpitation of the heart, indigestion, loss of appetite, can take it without being without relief. Go to your druggist, Dr. R. E. Norman, and get a bottle for 75 cents and try it. Sample bottles 10 cents.

THE AMERICAN PEOPLE.—No people in the world suffer as much with dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as sour stomach, heart-burn, water-brash, sick headache, costiveness, palpitation of the heart, liver complaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of dyspepsia that cannot be immediately relieved. 30,000 dozen sold last year without one case of failure reported. Go to your druggist, Dr. R. E. Norman, and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

June 24, 1877 30 2m

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once a greasable, healthy, and effective for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy luster and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

For sale by
DR. R. E. NORMAN,
July 5, 1877 33-1y

ESTABLISHED IN 1850.

July 10, 1877

SHERIFF'S SALE.

BY virtue of executions to me directed the Court House at Walhalla, on MONDAY, August 6th, 1877, between the legal hours of sale, the following described real and personal property:

One Store House and Lot, in the Town of Seneca City, known in the plan of said town as Lot No. 41, it being the lot conveyed by Thos. J. Leak to W. J. Harbin. Levied on as the property of W. J. Harbin at the suit of The South Carolina Loan and Trust Company.

ALSO, One Tract of Land, on Keowee River, adjoining lands of Mrs. S. E. Craig and others, containing three hundred and twenty acres, more or less. Levied on as the property of Jane Holden, Executrix, at the suit of L. N. Robins, Administrator.

The above Tract will be sold in two parcels, viz: The lower, or Owens Tract, containing 250 acres, more or less, and the balance, or Home Tract.

TERMS—Cash; purchaser to pay extra for titles.

If purchasers do not comply with the terms of sale the above property will be immediately re-sold at the risk of the former purchaser.

Plaintiffs and Defendants who settle their cases out of the office, after advertisement has been inserted, will take notice that it will not be respected until all costs have been paid to me.

R. E. NORMAN, Coroner, Acting Sheriff Oconee County.

July 12, 1877 84
